So many worries,
 Each should be taken by itself.
 An individual solution
 Suited for each problem
 Will make worries less intense.

Why can't I be myself?
Is it because I'm overlooked?
Could it be I'm afraid of what others say?
I try to be an acceptable person,
Is that all wrong?

Musical

Cast, orchestra, chorus, promoters, backstage crews, each of these individual groups added their talents to the play as a whole. The end result was 'Kiss Me Kate', a production of tremendous appeal. Perhaps the most meaningful reward for those involved was the satisfaction the audience received from it.

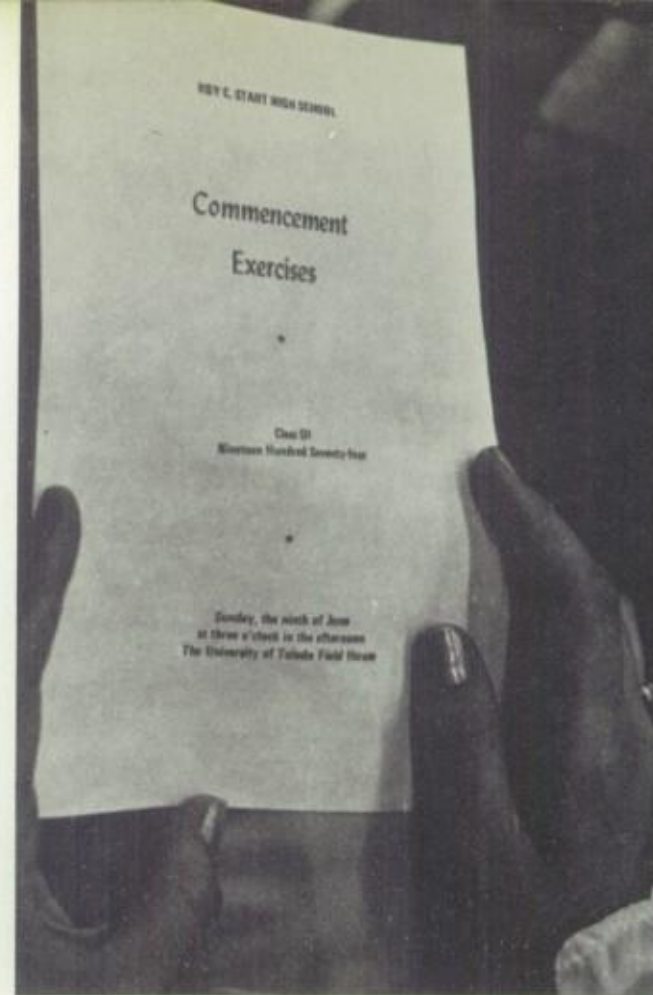

Commencement

How swiftly time flies by.
It's here only to flash right by us.
Grasp it!
Live now
Because it will soon be gone.

Senior Prom

Life is full of remembrances
 Yet it is also full of new experiences.
 One has to make a bridge
 From past to future
 And live towards the middle —
 The here and now.

I know it's hard to try and still fail,
 I know it's hard to correct mistakes,
 I know it's hard when no one seems to understand,
 I know it's hard to repair misunderstandings,
 I know it's hard to get back up when we've been put down,
 But it's not so hard to reach out to others
 And accept what they have to offer.

Even on the most frustrating day,
a glimmer of light can be seen
just ahead if you look for it.

Hope starts in one person
Then spreads from one to another
Like flames.
It gives us the determination
And energy to continue onward,
To meet life's challenges.

This year Start is trying a new free flow lunch program. There are machines for milk, ice cream, sandwiches, chips, and pop. In addition, there is a small section in back where hearty appetites may select from milkshakes, fruit, salads, yogurt, and hot lunches. In general, most of the students like the new system.

I have something
That's hard to come by
In the noisy rushing world.
It is peace of mind.

Without true forgiveness,
Bonds of friendship
Can be severed
Forever.

Homecoming

The excitement of a week of activities highlighted by a parade and the crowning of Carol Shank as queen was not dampened despite a football loss. Treasure Isle was the theme of the events and setting for a successful 1974 Homecoming Dance.

Love is like a flower,
Blooming in the Spring,
Growing each and every day
With colors deepening.

But since love sometimes stops,
And people's hearts are torn,
That peace which builds in all of us
Is sometimes worn.

Peace is a bird,

Peace is a rosebud,
blooming in spring.
Peace is a catchy song

Peace is a tree —

Peace is a corn cob
full of sweet corn.
Peace is a feeling
that's not tattered or torn;
Peace is the way I feel

Real love can be nursed
in an environment
other than eternal matrimony.
Love can thrive without
rings that bind and
without contracts
and legal documents.
Friendship can be love.
A love unrestricted
and refreshing, with
more than enough room for
both parties to grow
and perhaps change.
And if the change is great enough
to change feelings,
my love goes with you
till you may find
your heart's desire —
Beyond the next hill,
Beyond the next town,
Beyond tomorrow.

All of us need something to work for —
a goal.
Once you have found your own goal,
work for it.
Don't set it aside for the time being
because it will be misplaced.

Be yourself —
 You're an individual.
 Don't conform to people's ideas.
 Be what you want whenever you want,
 As long as it's the real you.
 Don't worry what others think or say.
 Be yourself.
 Be Happy.

The time has come
for me to move on,
but in my mind those special times
live on and on.
The memories of good times
that flew by have brought me
happiness
that I'll never forget.

Don't resist change.
Be open to better ideas;
be aware of new concepts.
Change can be good for you.
Change can help you grow.
Never change only to
conform with others.
Change because it
improves yourself.

This is just one of many doors
that you will open in life.
Try many doors
and then choose
the one for you.

There is uncertainty before me.
 I know where I'm at,
 but my future seems to be a maze of puzzles.
 There are so many decisions to make.
 So many pressures,
 so many things I want
 to do now.

Even though
I sometimes think I won't make it,
I know I can.
There are gloomy days,
When I can only fail,
but when the sun shines bright
on my shoulders, and my feet are
on soft green grass,
I move quickly towards my goal.

With only one year left,
many dreams seem unfulfilled.
Achievements made seem worthless.
Yet there is still time
to complete aims
and acquire new desires.

Teaching, as a job,
 does not require
 anything.
 If it is to be a
 profession, practiced
 with dedication, it
 requires characteristics
 few possess.
 Its rewards are not
 measured in dollars and
 cents and the results are not
 always seen immediately.
 When the results do come
 they are well worth the
 time and energies involved.

In Memory Of Mr. Jack Cholley

Friend, coach, class-advisor, Teacher. This was a man who dedicated his life to young people. His enthusiasm for living was infectious to all with whom he came in contact. He tried to live in such a way that he was a constant example to his students, colleagues, and friends.

Although his teaching career was cut short, the kicking Homecoming float, Santa Claus at Christmas, sense of humor, and the real involvement and concern with his students will never be forgotten. He touched many lives. The memories of him and his legacy of love for life coupled with a real concern for his fellow man will live on and on and on

A Concert? A Party? Why not?
Thank you to Mr. and Mrs. Rolewics, to Rozhair, and
especially to Mr. Holden; without you, we wouldn't
be a club.

A special thanks for the consideration given our
club. The question arose, "Is J.C.W.A. still a club?"
We think so and hope the school will too.

who needs more power plants anyhow!

You do.

If you want to use the products you own today and will own tomorrow. Most are powered by electric energy.

If you want to work. Every job requires the use of electricity in some form.

If you want to live in a quality environment. Most pollution control equipment runs on electric power.

You need power plants . . . for all your wants.

Taberner, Terresa 155, 191

We extend our appreciation to Western Yearbook, Mr. Krapp, Mr. Scheuerman, Mr. and Mrs. C. Paul Kenney, Enterprise School Photos, Mrs. Habib, Miss Marion, our advisor and friend, Morton P. Salt, our loyal companion, and above all — the seventeen 1975 SHIELD staff members.

Last summer, the idea of a completed book seemed distant. Today, it is a reality. It has been a hectic, yet short year. As each deadline drew near, our minds boggled. Would we make it? We did!

Today you are receiving a book full of hard work and weird memories. The staff and I have waited for this and pray that it means as much to you as it does to us.

Debbie
